## ***Royal Enterprises***

We are one of the leading organization engaged in rendering a broad spectrum of DESIGN, DEVELOPMENT, MANUFACTURING AND INSTALLTION of Trunkey Projects, in structural fabrication, tubular fabrication, fabricated assemblies, with all types of civils works

Our team of expert professions will provide multidisciplinary product design, development, manufacturing, erection & Installation from initial concept to the final manufacturing of product. Also we have skilled team for mainantance work for same line of products

We introduce our new products as well as services.

## Services we provide

### 1. Fabrication Erection and Installation of structural work

The integration of design with structural detailing forms the crux of fabrication and erection. We bring with it ten years of international experience in handling the entire fabrication and erection works of all types of steel structures. Our engineering & fabrication division is well fitted with state-of-the-art machineries and equipments that enable our workforce to carry out the tasks with highest precision. We provide the best available tools and equipments for our workforce to perform with maximum efficiency. Besides we have also invested sizably in computers, software's, high-speed data links and other communication tools to exchange information between other production facilities and keep abreast of our production plans and status. Our technical acumen and engineering skills have enabled us to continuously provide quality solutions in steel fabrication and erection. Our systematic approach to solutions have translated into increased productivity and optimizing the overall cost of production to our customers. With our international exposure to all aspects of site operation and management, we work hand in hand with clients to meet their requirements at all times. It has always been our commitment to provide the highest quality in the most timely and efficient manner possible.

### 2. Maintenance of Equipment and Fabricated goods

Annual Maintenance of the overhead conveyor systems for PT CED / BIW / PBS conveyor system.

The scope includes the complete PM activities for the total system, breakdown maintenance.

Misc Jobs like Robots installation, Crane installation & we are working on the AMC for the new conveyor for PBS.

Electric Monorail System Front and Rear Floor transfer Line is composed two(2) line, and two Telescopic Lift, a Drop Lift and two Repair Line.

Balancing of blower and shaft replacement and rectification of all type of ducting ,

Repairs maintenance and modifications of trolleys and pallets for logistics

AMC of cranes bus bars and lifts

### 3. Civil and furniture work

We have Erection and commissioning of all types of conveyors like, Slat Conveyors, Overhead Power & Free Conveyors, Inverted type Conveyors, EMS systems, Lifts, Hangers of door line ,EMS,PBS,UBD AND

- Fabrication Erection Installation and painting of all types of heavy structural steel works etc.
- Erection of various overhead cranes as well as maintenance of the same.
- Installation & commissioning of electrical Power panels Control panels cable trays cables and bus bars
- Installation & commissioning of Inverted Power & Free and slat conveyor with electrical installation.
- Supply fabrication erection installation of fire fighting systems and fire hydrant systems
- Supply skilled and semiskilled workers for construction works with tools and tackles
- Blower balancing work & blower shafts checking & Balancing work
- Unloading loading and shifting of heavy machines equipments and construction materials
- Erection and commissioning of PT ED line, all types of ovens, Paint booths, ASU etc.
- Robotics for paint line, Weld line and special purpose applications.
- Fabrication and Erection of Car parking stakers and systems
- Erection and commissioning of all types of cranes manipulators rails and weld guns of all capacities

### 4. Seccesfully completed Trunkey Projects

- a. TATA MOTORS TCF SHOP 250 UPD Done (mechanical and electriacal) all main line conveyors , sub line all equipments and all structure fabrication erection and installtion with painting with piping and material handling trolleys and pallets supply in year 2007
- b. TATA MOTORS PBS Done all installtion of skid conveyors with all structure fabrication and erection with painting (mechanical and electriacal ) in year 2008
- c. PT/CED conveyors removal old and new installtion of 400 mtrs from owen and tanks with in 1 week this we have done under supervision of korean engineers co name DTM CO LTD in year 2006
- d. TCF SHOP of Nano at Singur indtalltion and erection and commininstiong of conveyors equipments and hangers with all strucrues in year 2008
- e. TCF Shop NANO removal from singur and reinstalltion at Sanand in year 2010
- f. TCF SHOP AND BODYSHOP at FAIT INDIA conveyors and superstructrue installtion in year 2009
- g. TCF SHOP AT VW INDIA all conveyors lifts hanger with struture installtion erection done in 2009
- h. TCF SHOP FORD Sanand All electrical insttaliton and comminnisining work done in year 2014
- i. BODY SHOP FORD Sanand all Mechanical and electriacal installtion and erection done in year 2014

## Organization Details

- 1) Name of Firm : Royal Enterprises .
- 2) Address of Office: B-3,SWAMI PLAZA,GP-8, MIDC, G Block, M.I.D.C. Shahunagar Chinchwad Pune 411019.
- 3 Address of Factory: PLOT NO 114/4, SECTOR NO 10, Shiddivinayak Industrial Premises, PCNTDA, MIDC, Bhosari, Pune 411026
- 4) Managing Director : Shivraj Laxmanrao Patil
- 5) Contact no : 9881233737
- 6) Office Phone no : 020-27493737 / 9225553737
- 7) E mail Add: : muditent@gmail.com
- 8) Shop Act : Shop act no ll -33683
- 9) SSI NO : 270251110778
- 10) VAT NO : 27925232107 V
- 11) P Tax no : 27925232107P
- 12) P F Ac No : MH / PF / PN / 303320
- 13) ESIC Code No: : 33000172990000699
- 14) PAN NO : AAKHP7766C
- 15) Service Tax No : AAKHP7766CST001
- 16) BANK DETAILS : BANK OF MAHARASHTRA , BRANCH MASULAKR COLONY, PIMPRI ,PUNE

## RESOURCES AVAILABLE

### 1) Manpower:

- Engineers- 3
- Site Supervisors- 7
- Skilled labour 60
- Semiskilled Labour- 28
- Store Asst: 1

### 2)Tools & Tackels:

- Welding Rectifires-20 set.
- Welding Transformers: 10 set
- Lifting equipments: All capacities avail.
- All tools required for safe & satisfactory completion of any requirement.
- Scaffoldings for access at height work.
- Special tools like Dumpy level, torque wrenches, material handling equipments.
- Hydrolic jack -10 sets
- Gas cutter m/c -10 set
- Cutoff machine - 7 set
- Chain pully blocks -25 set
- Hammer drill upto 30 mm -3 sets

### 3) Equipment::

- Sky jack (Scissor Lift 10 height)
- Chain Pully Block 30 set
- Crane 12 tons
- Forklift 5 tons

## PRODUCTS      Design Devolepments and Manufacturers

### Conveyor trolleys and Hangers

### Door Hangers and UBS Hangers

**TATA MOTORS OLD ASSY SHOP & PBS Fabrication Erection and Painting work done****TATA MOTORS Paint shop Oven & booth Fabrication Erection work**

**BODY SHOP (TATA MOTORS ) Installation Erection and Commissioning**

\* Robotic line installation work

Blowers Installation work

**TATA MOTORS ASSEMBLY SHOP** Installation Erection and Commissioning

- Installation & erection of Overhead Power & Free conveyor

Installation and erection of Lift with all electrical work

**PBS (TATA MOTORS K BLOCK ) Installtion Ercetion and Commissioning**

The car on the SKID conveyor line

- Under guarding and overhead Structure fabrication & erection

- \* Conveyor and hangers installation and erection

## ASSEMBLY SHOP (Volkswagen India ) Installation Erection and Commissioning

Floor Platform Conveyor  
Scissors Lifter VW India

Door Platform Conveyor with EMS  
Overhead Conveyor Cockpit Line

**Body Shop (FORD INDIA) ) Installation Erection and Commissioning**

**Skilled Conveyors and lifts Installation and Commissioning mechanical and electrical**

**\* Skillet conveyor installation with structure Fabrication Erection and Painting**

**Body Shop (Mahindra S 101) ) Unloading of equipments Installation and Commissioning**

**Unloading of all type of heavy equipments and Dies**
